

DARLENE BJORK

Teacher, Coach, Athletic Director -
3 Decades of Teaching Excellence

Darlene Bjork was a fixture at College Park and in girl's athletics. Ms. Bjork spent over 3 decades mentoring her students and was one of the first female basketball coaches in the District and took great pride in teaching the fundamentals of the game to her players.

Her impact as a teacher and coach during the implementation of Title Nine measures, sped up the development of girl's athletics in general and to College Park's competitive excellence in particular.

After retiring in 2004, Darlene continued to search "for another hole in one". She loves the game of golf and plays as much as she can. She wins most tourneys she and her 4 some enter, including her favorite tournament, Coach Bill Kepler's annual golf outing.

Ms. Bjork is an example of teaching excellence and is a welcome member to this year's class of inductees and into College Park's Athletic Hall of Fame.
